* Only basic education course certificates issued by a local Sejong Institute, and if an international student participates in online courses at an overseas Sejong Institute while staying in Korea, the certificate will not be recognized even if it is not labeled as an online Sejong Institute.
** ② and ③ show completion of Level 5 or higher, ④ show completion of Level 4 (pass), and ⑤ and ⑥ show completion of Level 5 or higher (even if checked Uncompleted), but pass the assessment.

※ Notes on submitting admission documents
1. Financial Proof
1) In principle, the original certificate issued within 30 days from the date of application for admission is required to be submitted, and only the 'bank balance certificate' with the validity period specified is recognized until the validity period. (However, it is only valid up to 6 months from the date of issuance)
2) In principle, the bank balance certificate must be maintained for the period of time during which the applicant enters Korea and receives a residence permit (expected to be one month after entry). (If the balance certificate is issued due to short-term deposits and withdrawals, the applicant may be subject to staggered checks by immigration officials of the Ministry of Justice during the period between the applicant's admission and arrival in Korea and obtaining a residence permit, and insufficient bank balance at the time of the check may result in a disadvantage in obtaining a residence permit).
2. Form 9, Submission of a portfolio to verify entrance examination work for applicants majoring in music and design
1) The portfolio must consist of new works for each application for admission.
2) Applicants who have applied for admission before must submit new works.
